* 858 tempy. posts into permt. posts. 1343. w work -charged posts into permt.posts. 415 work charged posts into tempy. posts.

Draft orders converting the marginally * noted - tempy. or work charged posts into permt. or tempy. posts are separately under submission. These orders take effect from the 1.4.43.

2. It has been proposed inter alia, that the pays - of the subdates. Who will be promoted to the permit . posts should be fixed in accordance with the general orders of -- Govt. contained in para. 2 of circular Memorandum No. 2648/36 dated the 25-9-41. as modified by G. R. No. 4051/36 dated the 10.10.41 , expept in the case of work charged overseers or surveyors (In the case of work charged overseers or - surveyors the orders issued in para 6 of the G. C. M. referred to above will apply.).

Put inbrief these orders lay down what a cut of 16% or 6¼ percent. as the case may be, should beeffected in the case of a tempy. or work charged subdte. on promotion to the permt. estabt. The effect of these orders will be that thesbudts. Who may be promoted in theposts noted in the margin will have to refund the overdrawn amounts from the 1.4.43. to the date on which their promotions will be actuaally ordered. On the general file it was proposed that - this question should be taken up separately.

3. The subdtes. who will be promoted to the permt. posts can be broadly classified into two categories viz.

(i) those who were in service on the 1.4.43. but may have retired by now; and

(ii) those who are still in service.

In the case of (i) i.e. the subdtes who may have retired by now but will be appointed to some of these - posts, the recovery of overdrawn amounts will have to be- done from their pension with their consent. The amount of pension in each case will be meagre one and it will be - a distinct hardship to order recovery...

recovery of the overdrawn amounts in such cases. These cases will be very few ; it is therefore for consideration whether the recovery of the overdrawn amounts in their cases from the 1.4.43 . may be waived as a special case.) I agree Id. /

In the case of (ii) i.e. the subdtes. who are yet in service, the recovery of the overdrawn amounts from the 1.4.43. may be made by easy instalments not exceeding 12. in any case. The S. The first proposal of the P. W. D. that the recovery from persons who have already retired should be waived cannot be accepted as it stands. It has not been shown in each case what hardship is caused by the recovery. The amount which may have to be written off should also be known. Prima facie. in all these cases. the persons concerned donot at present draw any pension and the orders when issued will grant them some pension ...

Pension.

A. temporary reduction in these pensions, arrears of - which will also be received in plumpby the persons concerned , cannot ordinarily be regarded as hardship. The P. W.D. may therefore be advised that the proposal cannot be accepted. It may beared addead that an undertaking in writing for the payment of amounts overdrawn even from pension - should be taken from every person who has already retired and this undert king should be taken before the pension is sanctioned.

2. As regards the second proposal that the recovery due from those in service should be recovered in 12, instalments, if may be pointed out that the - Maximum reduction in the case of any individual will be 16% of his pay and a recovery in respect of 1 months will be due. This maximum will therefore be little more than one month's pay. We may agree to the proposal of the P.W.D. subjecte to the condition that in the case of those who retire within 12 months, the full instalments should be - reduced to enable full recovery being effected before - retirement.

Government of Bombay.

Public Works Department.

Read Government Resolutions No. 3260/36, dated the 19th November 1943.

Resolution :- The pays of the subordinates who will be - permanent posts sanctioned in Government Resolutions Nos. 3260/36 dated the 19th November 1943. 2. Government has decided that -

(i) in the case of subordinates who may be promoted to the permanent posts sanctioned in the two Government Resolutions. referred to in paragraph 1 above, but who may have retired subsequent to the 1st April, 1943, an undertaking should be taken from them in writing for the repayment of the overdrawn amounts from pension before the latter is sanctioned . The recovery s should be in one lump sum if the accumulated pension is more than the amount to be recovered, otherwise it may be effected in two instalments.

Subject :- Recovery of excess amounts overdrawn by - members of temporary and workcharged estts. on their promotion to permanent establishment.

.....

Sir,

Reference :- G. R., P. W. D. No. 6732/36 and dated the 28th December 1943.

2. Government Resolutions No. 3260/36 and 3486/36, dated the 19th November 1943, converting some of the temporary- and workcharged posts into permanent and pensionable posts were received some time in the end of November 1943. As such orders regarding appointments to these posts on the revised rates of pay could only be issued in December the 1943, even though the appointments took retrospective effect from 1.4.43, which meant that payments at the old rates of pay for 8 months of the year had already been made to each individual. It was presumed that Government would ~~be not ins~~ insist on the recovery of the differences in pay for back periods and that they would waive he the same as in the past, But Government specifically ordered recovery of the amounts overdrawn by these persons from ~~1.8.43~~ 1.4.43. to 31.12.43, in January 1944.

3. It is realised by one and all that Government have been benign enough to make them permanent to assure them the continuity of service and to extend to them the same ..

Same conditions as are applicable to other Government servants. But at the same time the orders coming into force in these difficult days, have left them in the difficult plight of making them consided if they can afford to accept permanency now, when a rupee is really worth only 6 annas compared with its purchasing power in pre war day. The cost of living has trebled and work itself has enormously increased and owing to the non-availability of persons coming in for the meagre pays offered, the increased work has had to be shared by the existing personnel . There is bound to be discontent under present conditions as to the existing pays and allowances given. Applications for either increase in salaries or dearness allowance are made with a view to enable the men to live in without incurring debt. Government have been apprised of all this very recently in my No. 2278 dated 29.2. 44. In spite of this Government are now asking them to come in on a lower salary (of course on a better footing) and to consent to their reduced pays being cut further as to admit of recovery of the amounts overdrawn for back periods. It will really be very hard on them to effect recoveries for the previous months, as it would mean effecting a double cut for some months , which in some cases reduce their salaries to nearly half.

4. I earnestly request Government to kindly reconsider the position and to issue orders to waive the recoveries for back periods and to postpone the 16% cut, as the case may be, for the duration of War, especially as their scales of pay on the temporary or workcharged establishment do not compare fairly with the scales of pay offered to other permanent Government servants. I do not know how this question is being dealt with in other branches of the P. W. D. I would therefore, urge on Government to kindly reconsider this aspect of the question and issue orders early.

I have to invite a reference to para 6 of my letter No. IHS/ 58 dated 13. 1. 1944. forwarded through the Accountant General, Bombay regarding the waiving of recovery of over - drawn pay by the staff to be made permanent both under me and the Manager, D. * Typed on the reverse.

2. Submitted together with Serial No. 6448.

2. Srl. No. 6448:- The C. P. H. E. has recommended that-

(i) the recovery of excess amounts overdrawn by members or tempy. and work - charged estabts. on their promotion to the permanent estabt. may be waived,

(ii) the 16% or the 6¼ % cut, as the case may be,-applicable to the Scales of pay of the subordinates brought on permanent estabt. may be ~~postponed~~ postponed for the duration of the war.

3. The reasons put forth by the C. P. H. E. in support of the above recommendations are that the cost of living has trebled and work itself has enormously increased and owing to the nonavailability of persons coming in for the meagre pays offered, the increased work has had to be shared by the existing personnel, and further that the orders coming into force in these difficult days, when a rupee is really worth only 6 annas compared with its purchasing power in pre-war days, the subordinates are faced with the dilemma whether or not to accept permanency which, in spite of its attached benefits, also means the acceptance of reduced pays being cut further to admit of recovery of the amounts overdrawn for back periods .

4. The question whether the percentage cuts should or should not be applied to the pay of persons brought on permanent estabt. in accordance with the orders issued in G. Rs. Nos. 3260/36, and 3486/36, dated the 19.11.43. was discussed in detail prior to the issue of the two G. Rs. and it was decided in consultation with F. D. that the cuts should be applied . Such of the tempy. or work- charged subdts. as do not desire to come on the permanent estabt. were given the option of remaining on the tempy. or work charged estabt., as the case may be. This option once exercised ~~if~~ is final. 5...

5. The C. P. H. E. in his No. 2278, dated the 29.2.44. refd. to by him in para. 3 of his letter under disposal, has separately stated that low-paid Govt. servants under him are hard-hit in these days of exorbitant prices & has recommended that a subsidy of Rs. 10,000 may be placed at his disposal to make it as possible for him to supply at pre-War rates the bare necessities such as grains, etc. to the low-paid staff under him. The question being a general one, the papers have been ref- refd. U. O. to the F. D. (supply) and the F. D. on 8.4.44.

6. The S. E., C. C., also had recently made a similar request for exemption of the percentage cuts in the case in the of subdtes. brought on pt. estabt. The request was negatived.

7. It is therefore for consideration (1) whether the C. P. H. E. 's recommendations as stated in para, 1 above may be accepted in U. O. consultation with the F. D. or (ii) his request may be negatived.

8. Serial No. 7652. The Director, D. D. Chawls, has also recommended that the recovery of excess amounts overdrawn by the staff to be made perment under him and the Manager, D. D. chawls, may be waived. The same question was raised by the Dir., D. D. Chawls in his letter dated 18.2.1944, which has been fully discussed separately. His request was negatived. It is for consideration whether his attention may therefore be invited to G.L. No. 3260/36 -E, dated 5.4.44. His letter dated 13.1.44 quoted in para 1 of his letter which, it is understood, contains a request for exemption of the percentage cuts has not yet been received from the A. G.

No. He refused to the cuts in that letter.

(1). There are two separate points at-issue Viz.

(i)...

(i) application of the cuts in pay, etc. on are being made, permanent or temporary.

and

(ii). Recovery of overdrawn amounts .

(2). I would adhere to the orders as already issued in regard to

(i) because, to do otherwise, would be to depact from as procedure followed in many previous cases of a similar nature in the past and repurcussions would be bound to follow.

(3). in regard to (ii).

The orders were issued late in the financial year and had retrospective effect from 1.4.43. on the whole of the course, such retrospective effect is a courcession but its immediate effects, in this particulare, case are pretty hard on the men concerned , especially in present abnormal circumstances.

I do not think that a case exists for the waiving of the recovery of the overdrawn amounts , and would urge that this be done purely as an act of grace.

Secy. (R.& B.).

My opinion is laid down in my letter written as S. E. C. C. (Marked A. in File No. 3260/36.) The reduction and its recovery over both written financial blows. It was surely not the intention under the policy tht any man should have to refuse permanancy due to current financial conditions.

However it is not possible to withdraw both, the recovery with retrospective ,effect , may at least be rescinded. be considered

2. As re: the proppsal of postponing for the duration of the war the 16% cut applicable to the scales of the ~~war-the--16%-cut--applicable-to-the-scal-~~ pay of the subordinates brought on the permanent Estt. the position has been fully explained by the D. S. P. W. D. in his note at P. 14. ante. For the reasons mentioned therein namely that it will have wide repercussions F. D. may not agree to the proposal .

P W D has not supported the proposal Id/—

3. As re: the waiving of recovery of the excess amounts overdrawn by members of tempy. and workcharged, estts. on their promotion to the permanent estt. please see the office note referred to in para 1 above. The main argument, that has been put forth in favour of the above proppsal, which the D. S. P. W. D. states should be accepted as a matter of grace, is that the cost of living has trebled. This is a common feature affecting all services rates of p. a. In view of this there does not appear to be any strong ground for accepting the proposal.

4. If however any hardship is caused in any individual case on account of the recovery in question the P. W. D. may be advised to put up every such case for the consideration of Govt.

5. Attention is however invited to para 1 of G. R. P. W. D. No. 3260/36. dated 19.11.43. wherein the tempy. Estt. has been made permanent and pensionable Estts. with effect from 1.4.43. If however the date of the orders re: making the estt. permanent is shifted from 1.4.42. to 28.12.43. the question of recovery will not arise. The ...

The P.W. D. may examine this point if that Deptt. still considers it necessary, to waive the recovery in question.

Id/-
dt. 2.5.44.

In a case of this kind it was necessary - to to fix a date from which the staff should be ~~order~~ made permanent. If no such dates were final ~~even find~~ the order would have been effect from the date of order and some of the man who were due for retirement till the date of the order would not have got ~~in~~ the benefit of the onder . The retrospective effect in this case for 1.4.43. was therefore a concession and in men concerned cannot now ~~the~~ claim for waiving and of - recovery. ~~revocer~~ of the cut from 1.4.43 to 28.12. 43 . The proposal of the P. W. D. may therefore be turned down.

I do not think on there in a case for waiving the recovery totally . Moreover , in ~~permanance~~ presumance of the G. R. of 28.12.43 . some amount must already have been recovered . I think the equities of this case - will be met if in each case half the amount due is waived .

Express letter.

To

The Secretary to Government,

Public Works Department, Bombay.

No. 6480. of 1944 Poon, July, 4th 1944.

Subject :- Recovery of excess payment overdrawn by Members of temporary and workcharged estts. on their promotion to the permanent estt.

Reference :- Government Express letter P. W. D. No. 6732/36-E, dated the 27th June 1944.

2. The annexed statement shows total recoveries due from each person brought on permanent establishment in accordance with G. Rs. Po W. D. No. 3486/36. and 3260/36. both dated the 19th November 1943. since the 1st April 1943. Consequent upon refixation of pay, dearness allowance at the lower rates, which were in vogue from time to time, should have been paid to some of these persons, against which they have actually drawn higher rates. The difference of these rates has also, therefore recoveries would thus amount to :-

(1) Recovery of pay	Rs.	9,547/1/-
(2) Recoveryof Dearness Allowance. ..	Rs.	210/-/-
(3) Recovery of other allowances such as Matheran allowance.	Rs.	27/-/-
(4). Recovery from persons who are no more in service and whose whereabouts not known and the recovery is not possible.	Rs.	258/-
(5). Recoveries from retired personal (Recoverable in 2 instalments).	Rs.	325/2/-
(6) Refunds.	Rs.	26/-
Total Rs.		10,341- 3-0.

D. A. 1 Sist.

Consulting Public - Health Engineer to Government.

3. As recoveries are to be made in 12 equal monthly instalments as per G. R. P. W. D. No.6732 /36. dated th 28th Decr. 1943. column 4 of the statement shows the average monthly rate of recovery in the case of each person as required by Govt. in their letter under reply.

4. I trust Government would consider this question favourably and waive all these recoveries as already suggested previously in my letter No. 2331 dated the 1st March 1944.

Submitted with reference to Govt.Express letter No. 6732/ 36. -E, dated the 27.6.1944. and the Dy. Secy's note dated the 27.6.48.

2. Replies to the Express letter have been received from all the local officers except the S. E. N. C. The receipt of reply from ~~all~~ the S. E. N.C. may be awaited . The - overdrawn amount to be recovered in the project Circle is nil. The El. Engr. has not submitted the necy. informeation for the reason stated in his letter No.G-51 dated the 5.7.1944 ~~.The El. Engr. has not submitted the necy. information~~ The El. Engr. in his letters referred to in the letter - quoted above has made certain proposals are re: the fixation of pay of men appointed to the pt. estabt. and counting of ~~thei~~ their service etc. The proposals are under U. O. reference to the F. D. The approximate total ~~ma~~ amount overdrawn and to be recovered from the members of the tempy. and work -charged estabt. promoted to thept. estabts. in this Deptt. except the estabts. promoted to the pt.estabts. in this deptt. except the estabts. in the El. Circle and the N. C. is Rs. 5629 2. as shown below. :-

Name of Circle -	Total amount overdrawn- and to be recovered. Rs.

S. C.	7,000
Project Circle.	Nil.

Grand Total.	56,282.

From the informaton submitted by the local officers it ill be seen that the average rate of recovery per month per an ranges from Re. 1 to Rs. 41.

1. As regards the Electrical Circle, the matters of the fixation etc. of pay etc. for the men to be promoted from the work charged establishment to the permanent establishment have not yet been settled.

A guess may, however, be made as to the figure involved in the Electrical Circle on the basis of the 40. workcharged posts to be made permanent (vide statement II accompanying G . R. No. 3486/36, dated 19/11/43. slip 'C') - by comparison with the 280 workcharged posts to be made permanent in the Deccan Irrigation Circle . Vide statement at page 28, The guess on these basis would give a figure of Rs. 1100/- roughly, namely. $\frac{40}{280}$ X 7668.

2. Excluding the Northern Circle. therefore , the total amount overdrawn may be taken as 56300 + 1100 = 57400.

It is probable however, that in addition to the figures of overdrawn amounts supplied by the Superintending Engineers, an element of overdrawn a dearness allowance must be considered.

Again a guess2 may be made on the basis of the relevant figures supplied by the C. P. H. E. in his letter of 4.7.44. at page. 39.

The result may be $\frac{210}{10341}$ = 2 % . roughly.

Applying this factor of 2 % to the figure of 57400, this of course is by no means an accurate method, the total becomes Rs. 58550 roughly .

3 . To the above figure of 58550 must be added the figure for the Northern Circle, which it is hoped to obtaine tomorrow, 6.7.44.

4. As regards the probable percentage that the monthly rates of recovery represent in regard to the monthly salaries of the individuals concerned--- a very. rough approximation may be obtained by comparison with the figures given by the S. E. D. I. C. on page 27, with the pay scales shown in the two G. Rs. of 19.11.43, ~~e~~ slipped 'B' and 'C'.

Some examples are given below, the resultsare by no means exact and they exclude deanress allowance :- (i). ...

(i) Overseers drawing, say Rs. 100 p.m.

Rate of recovery = Rs. 25. p. m. = 25%.

(ii). Overseers- Surveyors drawing, say, Rs. 100 p.m.

Rate of recovery = Rs. 3 p.m. = 3%

(iii) Clerks drawing, say, Rs. 50. P. M. .

Rate of recovery = Rs. 4-8-0. p.m. = 9%.

(iv). Chowkdars drawing, say, Rs. 15 p. m.

Rateof recovery = Rs. 3 . p.m. = 20. %

5. As the S. E. N. C. will prabably give the figures for his circle by thmorrow -and 6.7.44. this case may be held over till tomorrow and in the morning, or as soon as possible tomorrow, the S. E. N. C.'s report should be - attached to this file before these papers are submitted to the Secy. (R. & B.) and A (R).

dt. 7.6. 44.

(A. (R)).

On the one hand any cut in pay of subordinates, who in most ~~also~~ all cases are drawing dearness allowance to meet the base increased cost of living, must inflict hardship .

2. On the other side, a concession permitting certain - tempotary officers bo become permanent and qualify for pension is a very considerable one, and it could - be argued that, if they wish that concession to be made retrospective in. date, they can hardly caivil at - drawing from that date the lesser pay they would have drawn had they been in the permanent servive all along. Otherwise, as observed in the nothing , they could be - given the choice of having the effect of the orders changed from 1.4.43. to date of isse i.e. 19.11.43, and I doubt if any such offiver would make this choice if called on to do so.

It is really a question whether, is spite of there being no case in equity, the hardship involved in recovery will be so great as to make it almost essentied to waive it.

Secy's note of 17.4.1944 (page 15) observes that it should hot be the policy to make any officer refuse the concession because of the obligation to fe refund pay, but I do rot gather from the nothing that there a having in practise been any such refusals.

3. Another point is that by now nearly 6 months' recoveries must have been made.

4. On the whole I would accept Jt. secy. F. D's proposal to waive half recovery , though I have observed in my ...

my previous note that it does not seem to me strictly logical.

5. As a subsidiary point, I note from the figures now supplied that the rate of recoveries vary from 3 per cent up to 25 per cent monthly. I would give the further concession that in cases where recovery exceeds 1o per such officers should have the option of having the instalments increased so that the maximum recovery will be 10 per cent. of pay per month. such cases seem to be few and not much labour will be involved in giving effect to this.

6. I am afraid I cannot support secy's proposal to press for waiving recovery from those who will have retired on pension between 1.4.43. and 1.3. 44. (p. 20) Such persons will be in the position of having bought on very favourable terms a pension which they would not otherwise have got. Another argument against it is at A on page 2.

Placed at the begining of this case.

7. It seems from A of G. R. 2648/36 of 25.9.41. that there was some waivure of recovery on the last occasion When temporary and work - charged persons were brought on to the permanent establishment. I do not know whether those amounts a were comparable with those suggested in this case and do not find any nothing on the point.

8. In his note (page 18) Jt. Secy. F. D. has not suggested t hat A(f) should see in P. W. D. but he probably intended this and I mark accordingly.

Id./-
dt. 8.7. 44.

A. (F).

I agree with A (R) with- that the only logical way is either to waive all recovery of these overdrawn pays or to recover them all.

2. In view of the substantial benefits which the tempy. Government servants concerned will obtained by being made

being made permanent by obbaining pension rights, I do not think that it would be right ef- for Govt. to waive recovery. As is rightly stated, any one who finds the recovery irksome need not accept the terms of permanent employment but may remain temporary.

3. To confuse the issue by bringing in the present cost of living difficulties of low paid servants making both ends meet, and the like, is not justified. Any concessions to meet hard times must be given to all, and not merely to people who are obtaining what was usually considered a benefit by being made permanent from temporary.

4. I must, therefore adopt as F. D. 's view that no concession of the amount to be recovered should be given .

5. I realise, of course the difficulty of repaying large overdrawn pays on small salaries, and I certainly accept A(R) 's suggestionthat in no case should the repayment be at more than 10 per cent of pay pe or pension per month.

6. I regret to differ from A (R) over this but it is a question of principle . In future of course it would be better for any benefits to take effect only from the date of orders.

Although it is not logical I am disposed to accept F. D. suggetion of remission of half.

No.G-55. Public Works Department,
Belgaum, 5th September 1944.

Subject:-Recovery of excess pay overdrawn by members on the Temporary Establishment on their promotion to the permanent establishment.

Reference: G.R.(P.W.D.) No.6732/36, dated the 29th July 1944. H 7-8 ant

2. In this Resolution, Government were pleased to waive the recovery of half the amounts overdrawn by members on the Work-charged and Temporary Establishment promoted to the permanent Establishment with effect from the 1st April 1943 in Government Resolutions Nos.3200/36, and 3486/36, both, dated the 19th November 1943.

Will be put up if required

3. In this connection, it is brought to the notice of Government that the following temporary posts in the Bijapur Division were made permanent with effect from the 1st March 1943, but orders in the matter were issued in Government Letter No.1704/36-E, dated the 9th December 1943:-

1 Draftsman.
1 Assistant Draftsman.
1 Tracer.
3 Clerks
1 Daftary.

The other posts remain unaffected, as the holders of those posts are transferred on promotion from the permanent to the temporary establishment as on deputation.

4. Similarly, two temporary posts, viz. (1)one Typist-clerk and (2)one Daftary in this office were also made permanent with effect from the 1st March 1943 in para 6 of G.O.No.1450, dated the 20th March 1943, but they could not be finalised till the end of December 1943, as the question of age limit in the case of S. o.1 and the fixation of pay in the case of S. o.2 was finally decided in Government Letter No.6417/36-E, dated the 17th November 1943.

5. In addition to these two posts a vacancy of a clerk on the permanent establishment had occurred from the 1st August 1943, but it could not be filled until the question of appointment of his seniors i.e. the temporary clerks in the Bijapur Division and the Typist-clerk in this office was decided.

6. The delay in filling these posts has caused hardship to the incumbents, as it involved a reduction of pay to the extent of 10 per cent with retrospective effect from

recovery of the excess pay overdrawn by them, while on the Temporary Establishment.

7. As the cases of these employees, promoted from the Temporary to the Permanent Establishment with retrospective effect, are similar to those dealt with in the two Government Resolutions of the 19th November 1942, it is requested that Government may, in your concurrence, kindly be moved to waive the recovery of half the amounts overdrawn.

8. A statement showing the amount overdrawn and that proposed to be waived is enclosed.

Re:- Conversion of workcharged posts into posts in the Electrical Circle.

Reference:- Government, Public Works Department, No. 3486/36-E.II. Dated the 15th September 1944.

I enclose a statement showing the fixation of pay of the workcharged establishment proposed to be made permanent from 1-4-1943. It will be sen from the statement that recoveries on account of excess amounts drawn from 1-4-1943 are due to from most of the members in accordance with the orders issued in Government Resolution, Public Works Department, No. 6732/36 dated the 29th July 1944. The members concenred have represented to me that in the present days of high cost of living, they being very low paid servants, it would be the gratest hardship if the necessary recoveries are made from their pays which have been already subjected to cut that and that the recoveries may be waived in their cases. I consider that their representation desarves favourable consideration in the circumstances stated above, and request that Government may be pleased to waive the recoveries amounting to Rs. 1,144/3/- in the aggregate, as it would give the members concerned considerable relief and induce better output in their work.

For the reasons stated, the El.Engr. requests Govt. to waive. The recoveries amounting to Rs.1,144-3as in the case of persons, who have been brought on to the permanent estabt. In accordance with the orders issued in G.R. 3486/36, dated 19-11-43.

2. The question of waiving recovery of the full amounts drawn by persons, who have been brought on to the permanent estaht. under G.R. Nos. 3260/36 and 3486/36, both dated 19-11-43, is fully considered in the past. In this connection attention is invited to G.R. No. 6732/36, dated 29th July 1944, and the notes of A(R) and A(F) and H.E'S, minute underlying it, from which it will be noticed that Govt. has ordered, as a matter of grace, to waive the revovery of half the amounts already overdrawn.

3. The main reason for which the El. Engr. wished to waive the recovery of the full amounts is that, if recoveries are made, it will be great hardship to these persons in the present days of the high cost of living. Please see para.3 of the A(F)'s note at page 49 ante, in which he has stated that it is not justified in confusing the issue by bringing the present cost of living difficulties.

4. If the El.Engr's proposal is sanctioned it will have to be extended to the subordinates in other Circles.

5. In the circumstances, it is for consideration whether the request of the El. Engr. may be negatived.

or

Whether the F.D. may be requested to reconsider the question of waiving of recoveries of the full amounts overdrawn by persons made permanent under G.Rs.Nos. 3260/36 and 3486/36, both dated 19-11-43.

Subject :- Recovery of excess amount overdrawn by the members of the Temporary and Work-Charged Establishment.

Reference :- G.R.(P.W.D.) No.6732/36 dated the 29th July 1944.

In the above Government Resolution, Government were pleased to waive the recovery of ~~the~~ half the amount already overdrawn while on the work-charged and temporary establishment by the members of the temporary and work-charged establishment promoted to the posts sanctioned in G.R.(P.W.D.) Nos.3260/36 and 3486/36 both dated the 19th November 1943.

2. The recoveries in excess of ~~the~~ half the amount overdrawn from the following incumbents before the issue of the G.R. under reference were effected by the Executive Engineer, Dharwar Division for the reasons stated in the Remarks column :-

3. The Accountant General, Bombay, who was requested by the Executive Engineer, Dharwar Division for refund of the amount recovered in excess of half the amount states that Government Resolution No.6732/36 dated the 29th July 1944 does not contain any orders for the repayment of amounts recovered in excess and asked for Government orders for such refund.

4. Government may, therefore, in your concurrence, kindly be moved to issue necessary orders regarding the repayment of the amounts recovered in excess of half the amount overdrawn by the members of the above establishment while promoting them to the Permanent Establishment in the posts sanctioned in the Government Resolutions referred to above.

In G.Rs. Nos.3260/36 and 3486/36, both dated the 19-11-43, the bulk of tempy. and work-charged estabt. were made permanent under this Deptt. with retrospective effect from the 1-4-43. In G.R. No. 6732/36, dated the 28-12-43, it was directed that the pays of persons promoted to the permanent estabt. should be subjected to 16% or 6¼% cut, as the case may be, in accordance with the existing rules. As the persons were made permanent with retrospective effect, i.e. 1-4-43, they had to refund the excess amounts overdrawn by them while on the tempy. and work-charged estabt.

2. On representation from the local officers, the question of waiving recovery of the full amounts overdrawn by persons, who have been brought on to the permanent estabt. under G.Rs. quoted above, was considered and it was ordered by Govt., as a matter of grace, that the recovery of half of the amounts only overdrawn should be waived. In this connection attention is invited to G.R. No.6732/36, dated the 29-7-44, and the notes of late A(R) and A(F) and H.E.'s minute underlying it. This decision, it seems, was arrived at on the assumption that at least half of the amounts overdrawn were still then to be recovered from the persons concerned.

3. For the reasons explained, the S.E., S.C., requests that repayment (amounting to Rs.29-7-0) of the amounts recovered in excess of half the amounts overdrawn by persons mentioned at 'A' may be made to them.

4. At the time of issuing orders in G.R. No. 6732/36, dated the 29-7-44, it seems that the question of refunding the amounts, in the case of those persons who had already paid more than half of the total amounts, was not contemplated. It

is, however, for consideration whether the request of the S.E., S.C., may be granted after u.o.r. to the F.D.
